Mr. Mark's Music & Movement Class Provides a Nurturing Musical Environment for Children & Adults

The Midwest Young Artists Conservatory is excited to announce our new early childhood program starting this spring: Mr. Mark's Music and Movement Class! These classes provide a playful and engaging atmosphere for you to connect and bond with your child through music, dance, games, books and more! Your child will share their creativity and imagination while practicing listening, social awareness, teamwork, sharing and turn taking with other children. The purpose of these classes are to support your child's overall development, musical, kinesthetic and social activities, and of course, to have fun!

Mr. Mark's Music and Movement class is offered for babies to preschool ages (0-5) alongside their parent or guardian. Children get to observe, model and lead at various segments of the class. There is a wonderful fluidity for parents and the teacher to watch their child respond in different ways through interacting with other students in the class as well as with their own guardians. Mr. Mark loves to call his classes "a great big musical family full of potential." Siblings are more than welcome to join in the classes as well!
